Extension of Entry Period of the Nepali Visa

In view of the sudden outbreaks of the COVID-19 and lockdown situation around the world, many Nepali visa holders could not visit Nepal as scheduled. In order to provide them opportunity to travel to Nepal at later dates with their unused visas, the Government of Nepal has recently decided to extend the **Validity of Entry Period of Nepali visas** issued during **1 January 2020 to 31 March 2020** for additional 1(One) year. Hence, the validity of entry period of visas issued by this Embassy/Consulates during the said period will be 1(One) year instead of 6 months from the visa issue date.
